

A message from the Board of Trustees: Treatment of the RC Golf Course

The RC Golf Course is our condominium's biggest asset. The way it is treated by golfers defines us as a community. It has always had a great reputation as a well-cared for executive golf course. Almost all golfers treat the RC course with care and respect.

Unfortunately, some golfers have been mistreating our course over the past several months. There have been an inordinate amount of unrepaired divots on the tee boxes and ball marks on the greens. Just the other day, there was damage to the greens as a result of a golfer wearing some type of spiked athletic shoes.

Mistreatment of the course will not be tolerated. If any player is observed not fixing a divot, not repairing a ball mark, or otherwise mistreating the course, loss of playing privileges will result.

Thank you for your attention.
